## Web site features include:

- **Online MLS Search**

**Broker-owners** – let your clients browse all MLS listings with specialized search criteria using our IDX solution without leaving your site.

**Agents** – provide your clients browsing capabilities via our framing solution of your broker's site or wisconsinhomes.com

- **Unlimited Custom Pages**

Our web page creation tools allow you to create your very own custom pages without the need for web design skills or HTML programming. If you can type and use a word processor, you can build your own web site!

- **Custom Design**

No Templates Here! We provide you with our own custom web site design.

- **Online Client Sign up**

Let your clients or potential clients sign up for their search right on your web site. You can view all registered users in the admin area.

- **Multiple Online Calendars**

Easy to use calendar for open houses, seminars, appointments, events or what ever else you might put on a calendar.

- **Forms**

Add forms that your clients can print and sign, or maybe add a shopping list form (with your advertising of course), sign up forms, etc.

- **FREE Content**

Easily add buyer and seller information and tips to your web site.
