- Auto update – automatically updates your toolbar to the latest version
- Configuration options – customize your toolbar to show only icons you want
- Search history dropdown – quickly search previously searched terms
- Keyword highlight – highlight keyword matches

# The WRA Toolbar

## WRA at your fingertips!

### What is it?

The WRA Toolbar is a free download that gives you one-click access to a variety of tools and resources on the WRA Web site no matter where you are on the Web.

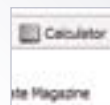

### How does it work?

Once installed, this customizable toolbar integrates seamlessly within Internet Explorer below the address bar. The toolbar includes a set of icons that link directly to search engines, Web sites, a referral database, mortgage calculator and a variety of valuable tools, including a phone book and pop-up blocker.

#### Searches

Narrow your search by selecting from a dropdown list of six search sites: WRA.org, Wisconsin Real Estate Magazine, MLS ID search at REALTOR.com, Google, CNN or the National Association of REALTORS®.

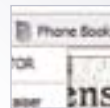

#### Calculator

One click takes you to the WRA Mortgage Calculator. Quickly gain mortgage data, affordability data and amortization schedules.

#### Referrals

Access the WRA comprehensive database of REALTORS, or find an inspector, appraiser, attorney or other affiliate in the WRA affiliates database.

#### Phone Book

Quickly look up phone numbers with MSN White Pages.

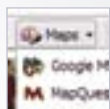

#### Calendar

Find dates and locations of WRA events and classes.

#### News

View the current online edition of Wisconsin Real Estate Magazine.

#### Maps

Choose from Google, Yahoo, MapQuest and Rand McNally for maps and directions.

#### Pop-up Blocker with Counter and White List Editor

Block annoying pop-ups from third party Web sites. Not sure if it's working? The pop-up blocker automatically tallies the number of pop-ups blocked. The toolbar even includes a white list editor that allows you to specify which Web sites can display pop-ups.

### How do I get it?

The WRA Toolbar downloads in seconds at [www.wra.org/toolbar](http://www.wra.org/toolbar).

#### System Requirements:

Windows XP  
PC with 300+ megahertz processor clock speed recommended  
3 megabytes available hard disk space  
Internet Explorer 5.0 or higher  
Super VGA (800 x 600) or higher-resolution video adapter and monitor  
Keyboard and Microsoft Mouse or compatible pointing device
